Notes:

(1) 'One Simple Fee' is our standard fee before reductions, as a percentage of holdings. 'Your Fee' is the net fee (after rebates) you paid during the statement period. Fee reduction distributions are reinvested in additional units of the funds you hold. Steadyhand does not charge any administration, transaction, or account servicing fees.

(2) The stated fees cannot be deducted by you for income tax purposes as they have already been deducted against income generated within the funds, thereby reducing taxable distributions.

Book value (or Adjusted Cost Base, ACB) is the original purchase price (cost) of your investments plus the cost of any subsequent contributions and the value of any re-invested distributions. This figure should not be used in any performance calculations as it will lead to inaccurate calculations (understated) if you have received any re-invested distributions.
