

Steadyhand Small-Cap Equity Fund

As of December 31, 2020

Steadyhand

Objective

To grow your capital at a pace that significantly exceeds inflation through exposure to a collection of smaller companies that think big.

Is This Fund Suitable for You?

You have a reasonable investment time horizon (over 5 years) and a moderate to high tolerance for risk. Consider this fund if you are seeking exposure to a portfolio of small companies with large potential. This fund will move in a cycle of its own and will often be out of synch with the overall market.

Geographic Profile

Canada-centric: the portfolio adviser looks to the Canadian and U.S. equity markets for small and medium sized companies. Although the fund typically invests the majority of its assets in Canadian equities, the portfolio adviser may invest a significant portion of the fund's assets in U.S. equities in pursuit of opportunities not available in the Canadian market. We do not expect, however, that the fund's U.S. holdings will exceed 40% of its net assets for any prolonged period of time.

Canada 89%
U.S. 11%

Strategy

The fund holds 20-30 small to mid-cap stocks in which the portfolio manager has the greatest conviction. The manager has an unwavering belief in valuation driven, bottom-up stock selection, and has five criteria that a company must meet to be considered for inclusion in the fund: (1) an enduring, sustainable competitive advantage; (2) a management team with a record of success; (3) a strong record of earnings; (4) a clean balance sheet; and (5) good long-term growth prospects.
