

Steadyhand Investment Management Ltd. Announces Risk Rating Change for Steadyhand Founders Fund

Vancouver, February 26 – Steadyhand Investment Management Ltd. (“Steadyhand”), manager of the Steadyhand Investment Funds, announced today a change in the risk rating of the Steadyhand Founders Fund. The level of risk attributed to the Steadyhand Founders Fund has been lowered from “Medium to High” to “Medium”. This change aims to more accurately reflect the fund’s actual risk levels. No changes have been made to the investment objectives, strategies or management of this fund.

The change to the risk rating has been reflected in the simplified prospectus of the fund filed with Canadian securities regulators.

About Steadyhand

Steadyhand Investment Management Ltd. (www.steadyhand.com) is a low-fee mutual fund company that offers a straightforward line-up of funds directly to investors. Steadyhand’s funds are concentrated and non-benchmark oriented. The firm offers clear-cut advice and simple tools to assist investors with their asset mix and portfolio strategy.
